Best Vegan and Gluten-Free Mac and Cheese Photo Courtesy: Minimalist Baker Warding away vampires and avoiding gluten while sticking to a vegan diet has never been tastier or easier than they are with this recipe from Minimalist Baker. That's precisely the right time for whipping up a (crock)pot of stick-to-your-ribs mac and cheese. If that sounds about right, you'll want to try this oven-baked mac and cheese recipe from Damn Delicious. You'll see that this regular mac and cheese recipe isn't so typical when you spy the garlic powder and ground mustard and the fact that it's a one-pot dish, so cleanup is pretty much not a concern. Photo Courtesy: Mariana Ibanez/Unsplash Winter is all about comfort foods, and there might not be a dish that soothes our collective cold-weather woes better than one of the most classic side dishes of all time: macaroni and cheese. While people often think that translating classic dishes into vegan-friendly fare adds extra steps and ingredients, that couldn't be further from the truth with this recipe. After all, with the time you save by cooking in a single high-quality stockpot, you can create some tasty toppings or side dishes to accompany this easy recipe. Best Creamy Crockpot Mac and Cheese Photo Courtesy: The Chunky Chef Some days, you just don't want to deal with standing over the stove stirring and straining but you still want to enjoy hearty, home-cooked flavors. Check out these versatile recipes to celebrate National Cheese Lover's Day. This recipe from The Chunky Chef delivers, and it's also a great go-to when you're not in the mood for mac topped with all sorts of extras and baked in the oven. Use this handy garlic roaster to reduce your prep work while still enjoying the signature caramelized taste that the garlic adds to this mac.
